What is Child Sexual Exploitation (CSE)?

Child Sexual Exploitation (CSE) is a form of child sexual abuse. It happens where a person or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

How does this affect the Taxi and Private Hire industry?

Hackney carriage and private hire vehicles are the eyes and ears of the community. With your help, we can make this a safer place for young people.

Many drivers have stories to tell about jobs that didn’t seem right, situations that caught your attention, or passengers that worried them. With your help, this information can be used to combat and interrupt the sexual exploitation of children and young people.

Indicators of CSE for Hackney Carriage and Private Hire vehicles:

- The behaviour of people traveling together especially if there are adults with young people
- Adults putting a young person, who may be under the influence of alcohol or drugs, into your taxi and private hire vehicles
- Young people who look concerned or frightened in the company of adults
Indicators of CSE continued...

- Young people being picked up and taken to hotels, particularly at odd times of the day and night
- Adults who appear edgy in the company of young people
- Victims traveling alone late at night between hotels and a house/flat
- Victims may show inappropriate sexual behaviour or be dressed inappropriately for their age
- Victims may have more money than a young person ordinarily would or may own expensive phones and clothing than you would expect for someone their age
- You may overhear conversations or witness sexual activity within the vehicle
- Fare paid by someone other than the customer/young person
- Morning pick-ups from hotels/B&B’s
- Young people who look dishevelled, distressed or disorientated
- Young people being picked up from other cars
- Frequent suspicious activity in the same place
- Men who regularly request taxi rides to and from location – taking young people with them
- Young passengers going to A&E or clinics accompanied by someone who is not a parent
- Observing suspicious activity in hot-spot areas

Indicators of CSE continued...

- Taking/collecting young people from obscure places i.e being dropped off/collected from the middle of the road or somewhere which isn’t an obvious destination
- Young people frequently using taxis during the day when they should be in school/college/employment
- Attempts by young people to avoid paying fares in return for sexual favours
- A regular customer who has their fare pre-paid
- Young people with injuries such as bruising or blood stains

REMEMBER – Young People will often try to make themselves look older than they actually are. Always consider the age of the young person even if, at first glance, they may look over 18.

Missing children

Young people who run away from home are putting themselves at increased risk of sexual exploitation. Missing children may:

- Seem unusually emotional
- Be carrying bags
- Have difficulty paying the full fare
- Be trying to get to a station or airport
- Be reluctant to discuss their destination

Additional safeguarding

- If you refuse to take a young person inform someone that you cannot take them so they can deal with the person another way (e.g. hospital staff, family, security staff if a club/pub or the police)
- Record any refusals – dates/addresses/phone numbers.descriptions
- Always get a specific address from passengers
